COVER FX Total Coverage Cream Foundation SPF 30

It was developed specifically for people with sensitive skin and is ideal for concealing moderate to major skin imperfections such as redness and rosacea. COVER FX Cream Foundation comes in over 30 global shades, contains a broad spectrum SPF 30 to protect skin from environmental damage and is enriched with vitamin E to nourish and protect skin from damaging free radicals. The oil and fragrance free formula will never clog pores and contains soothing chamomile derivatives to reduce skin irritation and calm sensitive skin. Revolutionary Dermafix Technology created in the COVER FX laboratories provides optimum coverage, all day wear and water resistance so skin stays healthy, natural and radiant.

Total Coverage Cream Foundation SPF 30 a été développé pour les clientes ayant une peau sensible. Il masque la majorité des imperfections cutanées, tels que rougeurs ou la Rosacée. Il est disponible en 30 teintes et contient une protection solaire SPF 30. Il est enrichi en vitamine E pour nourrir et protéger la peau des effets des radicaux libres. Il est sans huile et sans odeur pour ne pas obturer les pores. Il contient de la Camomille pour apaiser les peaux sensibles. Il est résistant à l'eau.

OCC Skin Shimmer & Highlighter Colors

Right in time for Spring, we've revamped our OCC Skin Shimmer & Highlighter Colors for optimal airbrushing, and now hand application too! Our new formula is great when applied over (or mixed into!) foundation, or anywhere else on the face and body that shine is required. The unique masked pearl quality of OCC Skin Shimmers & Highlighters allows you to strategically place a subtle sheen on the skin, to create the look of a dewy glow. Ultramicro-nized particle size ensures a texture that's always Hi-Def ready. Already a fan of our Shimmer Colors? Fear not! Each new version is simply an amp'd-up edition of the shade you love - clarified, brightened, and optimized for all skin tones.

TEYE Minerals

Color Inspired by Nature's Harmony?

It's a mineral make-up collection created by The Oasis Wellness Centre and Spa. Sourced from nature and fused with science TEYE Minerals has been created using the purest mineral elements on earth. Mineral technology allows oxygen and nitrogen to pass through the make-up letting the skin breathe as if it were bare. Minerals are also anti-inflammatory agents that help the skin heal and maintain its moisture balance. TEYE Minerals is the perfect choice for daily wear coverage and is adaptable to the needs of each day. The collection is also perfect for post cosmetic procedures such and chemical peels, laser treatments and microdermabrasion. TEYE Minerals can be applied immediately after any facial treatment because minerals cannot harbour bacteria. TEYE Minerals is perfect for all skin types including acneic, dry, oily and sensitive. The minerals are so gentle they are even safe to apply on children.

Collection de maquillage minéral créé par The Oasis Wellness Centre and Spa. Les minéraux sont des anti-inflammatoires et maintiennent l'hydratation de la peau. TEYE Minerals est idéal pour un maquillage de tous les jours. Grâce à sa couvrance, il est parfait pour une application après un traitement laser ou d'une microdermabrasion. Il est idéal pour les peaux grasses, acnéiques ou sensibles.
